Chandler and Olga married after high school in January 1986, and he started working at Houston Lighting and Power Company as a Power Plant Manintenance Mechanic. Olga attended the University of Houston on a full scholarship, and the couple intended that Chief Chandler would enroll in college after she graduated. Life got in the way, and while Olga was attending college, they added to their family with the births of two sons.

Following in the footsteps of his father, a police officer. Chief Chandler began his law enforcement career in December 1989, joining his cousin as a fellow officer at the Jacinto City Police Department. He was promoted to Sergeant in 1993 by Chief Joe Clark. In 1996, Chief Clark was hired as Chief of The Colony Police Department, and he hired Chief Chandler away to serve as his Lieutenant and second-in-command. May 28, 1996 marked the first day of Chief Chandler's career at The Colony Police Department.

Chief Chandler was promoted to the rank of Captain in October 1998 and Assistant Chief in March 2012. Chief Chandler worked in the Operations Division overseeing Patrol, SWAT, Crossing Guards, and Bike Patrol. In January 2016, he took over the Support Services Division and oversaw the Criminal Investigations Division, School Resource Officers, Jail Operations, Communications, and Records.

He has been a committed life-long learner. He earned his Associates Degree in Criminal Justice from Collin County Community College, followed by a Bachelors of Applied Arts and Sciences Degree in 2021 from the University of North Texas. He is a graduate of the Bill Blackwood Law Enforcement Management Institute of Texas Leadership Command College at Sam Houston State University in Huntsville. He also graduated from the Federal Bureau of Investigation National Academy, Session No. 275, at Quantico, Virginia. Chief Chandler holds a Master Peace Officer License through the Texas Commission of Law Enforcement (TCOLE) and has compiled more than 5,890 hours of training since beginning his career.

He and Olga are the proud parent of three boys, each who have followed their father into law enforcement and are serving as officers in the cities of Frisco, Plano, and Carrollton.

For more than three decades, he has been devoted to protecting the citizens of the communities he has served, putting strangers' safety above his own. I am deeply grateful for his public service to the City of The Colony and North Texas, and I wish Chief Chandler and his family the best in his retirement.

REMEMBERING AND HONORING SERGEI MAGNITSKY

HON. STEVE COHEN

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES Tuesday, November 16, 2021

Mr. COHEN. Madam Speaker, today we remember and honor Sergei Magnitsky, the Russian tax lawyer who in 2008 uncovered a massive fraud scheme of hundreds of millions of dollars perpetrated by law enforcement officers. In any normal situation, Mr. Magnitsky would have been praised for his efforts. But this was Putin's Russia, and he was arrested by the very people whose nefarious dealings he exposed. The conditions Mr. Magnitsky faced in prison for almost a year were inhumane, and on November 16, 2009, already weakened and seriously ill. he did not survive the beatings he received from prison guards.

Twelve years later, Putin still controls Russia. Throughout the country, hundreds of prisoners of conscience languish behind bars because of their political opinions, their activism, and even their religious beliefs.

Thanks to Sergei Magnitsky's determination to stand up for what is right in the face of overwhelming state power, the laws that bear his name ensure they will not be forgotten. His story is the story of many others-not only in Russia, but worldwide. Exposing human rights abuses and corruption carries many risks in many countries. Yet there are many brave people who continue to reveal the truth.

The Magnitsky Act has become a living memorial to Sergei Magnitsky's bravery. We in Congress originally passed this legislation to sanction those involved in the death of Mr. Magnitsky. Since then, we have expanded it to cover the world's worst human rights abusers. What began here has spread internationally as the United Kingdom, the European Union, and Canada have all adopted their own Magnitsky sanctions. Many others, such as Japan, Australia, and Taiwan, are considering their own legislation.

Magnitsky sanctions have completely changed the nature of the fight for human rights and against corruption. They not only protect our own system against abuse but also provide a measure of justice to those denied it abroad. We will keep encouraging our democratic allies to adopt similar sanctions so that one day there will be no safe haven left for kleptocrats and their blood money.

Finding justice for Sergei Magnitskyin Putin's Russia seems more impossible with each passing year. However, we have not forgotten his tragic story and we will never stop calling for accountability for those who imprisoned him and ultimately killed him; those who enabled corruption and abetted murder. We are determined to not let his memory fade. Instead, he will serve as an indelible reminder of all those who suffer under corrupt regimes.

RECOGNIZING OFFICER DAN WIL-LIAMS FOR RECEIVING A LIFE-SAVER AWARD

HON. CHERI BUSTOS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES Tuesday, November 16, 2021

Mrs. BUSTOS. Madam Speaker, I rise today to recognize Galesburg Police Department Officer Dan Williams on receiving Life-Saver Awards by Galesburg Mayor Schwartzman on November 1, 2021.

Fellow GPD Officer Chris Hootman experienced a medical emergency at his residence and contacted Lieutenant Jason Shaw, who acted swiftly to dispatch paramedics and Officer Dan Williams to the scene. After Officer Williams helped determine that Officer Hootman would require more care than St. Mary Medical Center in Galesburg could offer, with Lieutenant Steffanie Cromien following behind, Officer Williams and Lieutenant Shaw transported Officer Hootman by ambulance to St. Francis Medical Center in Peoria. On the

way, paramedics had to pull over to provide immediate life-saving measures. While Officer Williams and Lieutenant Shaw rendered these mitigations. Lieutenant Cromien got out of her car and drove the ambulance the rest of the way. He was able to receive necessary medical care and is now recovering from his sustained trauma.

Officer Chris Hootman was recently named School Resource Officer at Galesburg High School. Officer Williams played a key role in saving his life, and thanks to this heroic act, he can continue to keep our children safe.

It is because of committed and selfless leaders such as these three first responders that I am especially proud to serve Illinois' 17th Congressional District. Madam Speaker, I would like to, again, formally congratulate Officer Dan Williams and thank him for saving the life of Officer Chris Hootman.

DR. DAWN COMSTOCK

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 16, 2021

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize Dr. Dawn Comstock, Executive Director of the Jefferson County Public Health Department (JCPH) for her dedication and service to the people of Jefferson County, Colorado throughout the COVID-19 pandemic. In addition to her leadership role at JCPH, Dr. Comstock went above and beyond to engage, educate and inform the community about COVID-19, including by participating in four Telephone Town Halls with my office and thousands of my constituents.

After a successful career as a tenured professor at the University of Colorado Anschutz, Dr. Comstock answered the call to serve her community in the middle of a global pandemic, stepping into her role as Executive Director in February 2011. Participating in Telephone Town Halls, Dr. Comstock provided timely updates on COVID-19 and answered constituents' questions regarding how to protect themselves and their families during an uncertain time. Her insights and knowledge were invaluable to my constituents.

There is no amount of recognition that can accurately display just how much Dr. Comstock has done for us. It is because of essential workers like Dr. Comstock that we have been able to make it this far in the pandemic. I wish her nothing but the best in the future, as we continue to fight against COVID-19.
